

## Golf Classic For Arson Awareness

Arson is the second leading cause of death by fire in the United States. Among those lost are firefighters of our communities. Direct property loss from Arson totals more than \$3 billion a year. Last year in Omaha alone, estimated property loss to Arson exceeded \$2.5 million.

The IIAO Golf Classic for Arson Awareness will help focus our community's attention on raising the public's awareness of the devastating effects of Arson. Please join us on Monday, July 15 at The Field Club of Omaha. A portion of the proceeds will be used to support the Arson hotline and to provide Arson education projects in our schools.

### The Field Club of Omaha

The Field Club of Omaha was established in 1898 and is the oldest country club west of the Mississippi River. Known as "The Jewel of Midtown," The Field Club of Omaha offers a beautiful, tree-lined 18-hole golf course in the heart of the city. This historic course was the site of the 1941 U.S. Amateur Championship, and the original course design dates back to 1905. Join us and play the same fairways walked by golfing greats such as Bobby Jones and U.S. Open champion and Field Club member Johnny Goodman.
